

Rowem Website — Revision Checklist

Site-Wide & Navigation

- Change header tagline from "Family Owned" to "Apparel, Gifts, Gear"
- Top banner should be centered
- Keep all nav tabs visible at top when clicking into any section (e.g., click Apparel — still see Books, Critter Git'r, Burr Paw tabs)
- Main nav tabs: Apparel | Critter Git'r | Children's Books | Burr Paw
- Make the R in the Fav icon black instead of white
- Remove Pinterest — no Pinterest account exists
- Fix iPad setting — site is not compatible with ipad. Mobile and desktop are fine.

Shipping & Pricing

- Add banner at top: "Free shipping on orders \$75+"
- Update Shipping & Returns page: change free shipping threshold from \$95 to \$75
- Add flat-rate shipping fee of \$7.99 on all orders under \$75
- Burr Paw price: show \$31.95 crossed out → \$29.95
- Zippy price: \$38 show it crossed out and change to → \$33
- 2-piece set price: \$42 show it crossed out and change to → \$36
- Bows price: \$6 show it crossed out and change to → \$5
- Add combo deals for all products

Home Page

- Scrolling banner should rotate through these items:
 - Premium Bamboo Apparel
 - Free shipping on orders \$75+
 - Critter Git'r
 - Burr Paw
 - Children's Books
- Move mission statement to bottom of home page
- Remove "Raised Wild, rooted in family" text
- Remove mission from the slider/carousel
- Put "Read Our Story" on slide 1 instead of mission slide
- In mission section: books should come before gear in the sentence

- Update mission statement to:

"Rowem is a small family business inspired by life outside. We create everyday bamboo apparel for kids, carry field gear we actually use, and stock farm, ranch, and hunting books young readers love. Everything we offer — including our signature Toy the Critter Git'r — is built to keep up with your family's daily adventures."

Home Page — Featured Products

- Top 4 clothing categories to display: Farm, Western, Tracks, Mountain Life
- Top 4 footies/zippies displayed - **confirm which ones**
- Books section comes next after clothes on home page
- Traps section comes next after clothes on home page
- Top 4 selling books to display: The Hunt, Sprout, A Farm Christmas Morning, To You, American Cowgirl

Apparel / Zippies

- List clothing names properly (e.g., "Bamboo Zippy (Aztec)")
- Use "zippy's" not "bamboo zip footies" — correct all footie/zippy names site-wide
- Zippy layout: "zippy" in small font on top, pattern name in bold on bottom
- AI pictures are fine, but mockup pictures need zippies cropped so the entire image isn't showing
- Make it known on ALL bamboo items they are pre-orders with expected delivery in October
- Change descriptions to use correct pattern names
- When viewing a zippy, first related product shown should be the matching bow
- Sizes: newborn to 5/6 including zippies, 2-piece sets, and bows
- Add sizing info to every apparel page
- Bamboo clothing should fit snug (note on size guide)
- 2-piece set sizes: 2T, 3T, 4T, then 5/6 — NOT 5T
- Remove "preorders ship" / "produced in small batches" language
- Remove "located in Papillion" — business is in Greenwood, NE
- Remove estimated ship window after ordering — just say: "All apparel orders should ship out mid-late October"
- Update 2nd paragraph copy to: "We know that childhood adventures don't stop for clothing changes, which is why our bamboo apparel transitions seamlessly from rough-and-tumble outdoor exploring to a cozy night's sleep."

Books

- Correct all book title names to match actual book names
- Remove "visit welcome to [author]" page for author visits and any link to her site — go straight to rotating banner
- "Who are books for?" section should say:
 - Our 11 titles
 - Ideal for ages 4–10
- Remove crossed-out language about "farm life, hunting, and the outdoors"
- Remove the phrase "the most are"

Critter Git'r (Traps)

- Critter Git'r gets its own separate page (split from Gear & Play)
- Uniform pictures of traps across the site
- Mystery trap color option available

Burr Paw

- Burr Paw gets its own separate page (split from Gear & Play)
- Remove Gear & Play combined page — make two separate categories
- Layout: "Burr Paw" in little/small font, color name in bold below (e.g., Burr Paw (Black))
- Remove custom logo option from Burr Paw products
- Do NOT say "colorway 1, 2, 3" — use actual color names: Black, Blaze Orange, Tan
- No custom options on site for Burr Paws
- Price: \$31.95 crossed out → \$29.95
- Only three variants: Burr Paw (Black), Burr Paw (Tan), Burr Paw (Blaze Orange)

Our Story Page

- Change the "who we are" picture
- Remove all kid pictures from Our Story page
- First paragraph is good as-is:

"Rowem is a family-owned business inspired by life outdoors. Our name comes from our kids Rowdy and Remy, and everything we build starts at home with them."

- Second paragraph — use this copy:

"A family that thrives outside. We didn't start Rowem to talk about the outdoor life — we started it because it is how we live. Our days consist of slow mornings, backyard adventures, and time in the field. Rowem is our way of sharing the very gear we reach for ourselves."

Our Story — Additional

- Use "Apparel made by our family — bamboo zippy's" (not "bamboo zip footies")
